Dear Dr. Sibolski:

We acknowledge receipt and acceptance of the final team report that Middle States Commission on Higher Education (MSCHE) recently submitted to our institution. This report, which was prepared in conjunction with the small team visit to the University of Puerto Rico, Río Piedras Campus (UPR-RPC), that took place from September 10th to 13th of 2017, has been reviewed by members of our administration and will soon be uploaded to our campus website (<http://www.uprrp.edu>). Students, faculty, and non-teaching staff will be notified of its availability and encouraged to read it.

We thank MSCHE for its interest in cultivating dialogue that can assist the University of Puerto Rico in responding to challenges while also ensuring ongoing institutional improvement. In addition, we thank the individual team members that visited the UPR-RPC. They shared their expertise in the form of useful comments that will provide guidance in various institutional processes. The UPR-RPC is fully committed to the continued implementation of the initiatives and action plans presented in conjunction with the small team visit. Like our dialogue with the visiting team, these initiatives and plans foster institutional effectiveness and compliance with our institutional mission.

Sincerely,

Dr. Luis A. Ferrao Delgado
Acting Chancellor
